

Come to the **AAMI 2018 Expo**, June 1-4 in Long Beach, CA to discover new technologies that can improve your facility's healthcare delivery and increase your own productivity and professional knowledge.

- Meet with representatives from more than 200 medical equipment manufacturers, including many of the world's leading companies.
- Get a first-hand look at state-of-the-art technology, including wireless telemetry, monitoring devices, equipment management software, imaging equipment, and much more.
- See demonstrations of cutting-edge medical equipment in a full series of interactive Product Showcases—20-minute presentations by AAMI 2018 exhibitors, scheduled in the Expo Hall throughout the Expo hours.
- Network with more than 2,600 of your colleagues from across the nation and around the world.
